# Look At The Old Girls Now...

**I**ndia Summer has garnered much respect from her RubiSisters in the last year or so. Her drive, her desire and her dedication have been on the front burner and the fire us LIT! 'We had to make some real decisions this year. Tough choices. It's very hard to look at the world and say 'The Show Must Go On' and then...it won't?? I trusted that we could pull it off, safely. We could do a smart show, a sassy show...we could reinvent ourselves through video and virtual content, and still show up and do a helluva live part, too!' And despite all the odds, she was right! TSMGO, the only true staple of the RubiSeason, was a smashing success. From the entrance to the bow, everything about it was handled, coordinated and thought through! 'Nick Warrington was so incredibly helpful and insightful. The venue (The Brightside) had it mapped out so strategically. I cannot thank everyone enough for believing we could, and seeing it through!' And it wasn't just TSMGO India encouraged along. 'We did a couple other shows in 2020. We had the first-ever all virtual show at Tender Mercy! It was well received and such a great learning experience. The GIRLS gave me a little freedom and I put in the work. And the show in October also at TM, brought 6 or 7 of us together....IT FELT WONDERFUL!' India shrugs when asked where she found the courage to take the lead. 'We have a mission. I feel strongly about it. If ever there has been a time when people have needed Rubi, it's now. And they have said as much!' As they say...a leader will rise!!  
**Bravo India!! BRAVO!**

**T**ender Mercy hosted a 'Studio 54' Party in October, and it was almost like a RUBIClassics Reunion! Fonda, Taj, Annie, Tara, Dana and India, the Classic Club, were there en force! Between them the girls have over **150** years of RubiShows to their credit....**NO SERIOUSLY!** The show was 'one for the ages.' Taj donned on a sexy dress and tousled in a balloon-filled stage; Annie crawled along a carpet-laden floor; Tara lit the room with a bigger-than-life performance; Fonda brought royalty to the day; Dana gave a Russian dance on the TM bar and India wowed with her Studio 54 Garb. 'It felt so good to perform, and especially with these ladies! There's something about our version of the Golden Girls...Ha Ha....but we **LOVE** our up-and-comers as well!' Said HRH. The Girls were able to raise over \$1000 at the event!

There is still time....actually until March 5th....to have your friend, family member or even yourself apply for the RubiGirls Scholarship. The scholarship is housed at the Dayton Foundation and can be found by clicking on the link: <https://daytonfoundation.academicworks.com/opportuni.../6881>

We **MUST THANK YOU ALL** for helping us help those wanting to *live their dreams!!*

**RubiGirls, INC. Look to Evolve.**  
The RubiBoard is ready and set to encourage our fans, family and friends to join our 'community advisory team.' With our growing budget, our need for outside input and desire to take RUBI to the next level, the RubiGirls, INC. are formulating a plan to get involvement this year! 'We have grown exponentially, and it's a good time to get other ideas and thoughts involved.' Said Stucky, the RubiTreasurer. 'Never in our wildest dreams did we think we would become a large enough non-profit that we could help so many...especially during this weird time! We have been fortunate enough to help other 501c3s this year when the struggle was real!' The RubiGirls, INC realize the importance of the community.

'When we talked to our donors & sponsors, they love how we use our 'pass-through' to support such a wide and diverse group of non-profits. We make every dollar given to us go all over the place! It's what makes us unique...and the community embraces that!' Look to your email for your opportunity to get involved!!

**2021: More To Give!**

**Super  
NEWS!**

‘Through a rough year (2020), we tightened our sashes and really took our responsibility as a 501c3 seriously! Because of that, we are actually seeing a year (2021) of larger donations and more beneficiaries!’ Says RubiPrez Tim Farquhar. ‘We took on some real challenges this year as many, many folks have. We are so thrilled to be in a position where we can help more folks! Like so many, we kept working, kept pivoting, kept shifting...and we thought about every dollar we raised. 2021 will be a big one for us...and for others!’ The RubiGirls want to thank Flagel-Huber-Flagel for their amazing direction!
